Tor Vergata University of Rome is a public institution centered around its six Schools (Economics, Engineering, Humanities and Philosophy, Law, Medicine and Surgery, Mathematics, Physics and Natural Sciences) housed in six different buildings on a vast 600-hectare campus. Founded in 1982, Tor Vergata University of Rome hosts important institutions such as the CNR (National Council of Research) and the ASI (Italian Space Agency), which make the area one of the most dynamic in terms of teaching and research activities. In addition, the Policlinico Tor Vergata University Hospital on campus is a regional, national and international flagship for Medicine and Surgery services as well as for research. With its 18 departments, **6** libraries, **350** classrooms, **29** computer labs, and the Villa Mondragone congress center, for the **A.Y 2023/2024** Tor Vergata University of Rome offers its 33,000 students **115** graduate programs (Bachelor's, Master's, One-cycle), about **140** postgraduate courses, **50** specialization schools, and **37** PhD programs..

Today the University of tomorrow

Its several programs taught in English attract many international students from all over the world each year. Tor Vergata University of Rome actively promotes the international dimension of study programs and research. Dual and Joint Degrees, Erasmus+, Venice International University and Overseas programme offer Tor Vergata students grants and scholarships to spend a semester abroad. In addition to the standard academic missions of excellence in education, training and cutting-edge research, fronteer research, Tor Vergata University of Rome has been working to develop new strategies for its Third Mission, aimed at improving its network and collaboration with institutions, firms and agencies in terms of social innovation and territorial development. All of the above is embedded in the mission of Sustainable Development that shapes Tor Vergata University's approach and daily life on Campus.
