Extra academic services available to Exchange students	http://www.utdt.edu/listado_contenidos.php?id_item_menu=21855

Housing

Does the university offer on campus accommodation for Exchange students?	No
If not, does the university provide guidance on accommodation?	Yes, the university provides a shared folder on Google Drive with contact information of apartment's owner

Language

In which languages are the courses for exchange students taught?	Most of the courses are taught in Spanish but the International Programs Office offers 3 or 4 courses in English each semester
Which are the language requirements?	

Living expenses per month (approximate) en Pesos Argentinos

Please take into consideration that the prices in Argentinian pesos might change each year because of the inflation.

Accommodation	This depends if the student is looking for a room in a shared apartment with exchange students or a room in a family's house. Approximately the cost of renting a room is AR\$8000
Food and meals	Food in Buenos Aires is not cheap. This depends on the kind of food the student eats. Approximately per month AR\$2500
Study materials	Some professors upload all the material to the Online Virtual Campus and depends on the student if he/she wants to print it or not.
Health insurance	USD85 per month. UTDT recommends to have a local health insurance because students pay this fee each month and if they need to use the services, they can have doctor's appointments, emergencies, surgeries, etc, without paying anything else. Meanwhile, international health insurances work through reimbursements, the student have to pay for everything and ask for his/her money back afterwards. This is also complicated when the

	student needs to go to a hospital or see a special doctor and he/she has to wait for the health insurance company's answer, delaying treatment.
Local transport	AR\$200 monthly (this is the price for 2017)
Phone	-
Personal expenses	This depends on each student
