Course Load

Students can take up to 19 credits per semester. Normally, one course is awarded 2 or 3 credits.

Courses

You can choose any undergraduate course regardless of your major unless there is a prerequisite requirement.

Courses in English

Approximately 17% of all courses are taught in English. There are several programs in which a large majority of the classes are taught in English: Lifelong Education, Christian Studies, English Language and Literature, Business Management and Media.

Asian Studies Program

The Asian Studies Program has been developed specifically with international students in mind. It is designed for students who are interested in learning or increasing their knowledge of Asian culture and history. These courses are offered at no extra cost. All courses are taught in English and are offered both Spring and Fall semesters. Upon completing a minimum of six courses, students, who have obtained a GPA of 2.5, will be awarded a certificate.

Korean Language Course

We offer leveled Korean language classes in the evening at no extra cost. These classes provide students with an excellent opportunity to improve their Korean language skills and understand Korean culture. They will help students understand and use familiar expressions in everyday situations, which will help them make real life connections in Korea outside of the classroom.

Course Registration

We will send accepted students a course list at the beginning of February for the Spring semester and the beginning of August for the Fall semester. In principle, students are allowed to take any courses offered at Soongsil regardless of their major. The students should send a list of courses chosen by a designated date to the designated email address. Further instructions will be emailed directly to students.

- a) A course list will be emailed to you in the first week of February for the spring semester and in the first week

of August for the fall semester.

b) Please send a list of courses you would like to take to SISO(Soongsil International Student Organization) members.

c) SISO members will help you with the whole process.

Credit Transfer

Credits earned at Soongsil will be transferred to the home university according to their rules and regulations.

Transcripts

Final grades will be available within one month of classes finishing. The official transcript will be mailed to the International Office at your home university. Transcripts will be sent out in late July for the spring semester and in late January for the fall semester.
