Art. 5 **Selection process and evaluation criteria**

The selection of applications shall be carried out by an Interdisciplinary Committee appointed by the Rectoral Decree.

The Committee will incontestably allocate grants by considering the following criteria:

- Applicant's academic curriculum updated to 31/05/2019 (GPA, degree mark, ECTS);
- Relevancy of the proposed plan of study and motivation;
- Language competence;
- Motivation interview.

Relevancy of the plan of study/motivation and language skills will be valued for 50 per cent of the total.

The applicant's academic curriculum will be valued as follows:

For students at first year of M.Sc. Degree the following formula shall be utilized: $[(\text{Number of years expected for the title attainment})/(\text{academic year of title attainment} - \text{year of enrolment in the career pertaining the title for accessing the Master's degree} + 1)] \times (\text{grade of the Bachelor Degree}*/110) \times 50$.

* If the Bachelor's degree mark is not based on a 110-point scale, the equivalent mark shall be calculated on the new scale.

- For students in: (Bachelor's Degree, One-cycle Degree and 2nd year of M.Sc. Degree) the following formula shall be utilized:
[Minimum(Amount of ECTS earned, Maximum Amount of ECTS earnable during the whole study course based on candidates' year of enrolment**)/(Maximum Amount of ECTS earnable during the whole study course based on candidates' year of enrolment**)]×min[1, Number of Years expected for the Title attainment/(Current Academic Year – Year of Enrolment + 1)] × (weighted average mark / weighted average exam mark for students enrolled in the same study course**) × 50.

** The calculation of the weighted average for students enrolled in the same study course shall include all students regularly enrolled in the said course as of 31/05/2019 independently of the year of enrolment

The date for the interview with the Committee will be communicated by email (the one the applicant will use in the application) only after the deadline. During the interview can be tested the language competence of the applicants.

The candidate is responsible to be available for the interview, the absence will be consider as renounce.

Esoneri or mid-exams won't be considered for the GPA calculation.

The candidate is responsible for having the language proficiency required by the host University by the deadline for application.

For Universities in USA is usually required one of the following proficiency: *International English Language Testing System (IELTS)*, *TOEFL*, *University of Cambridge Examinations Certificate of Proficiency in English (CPE)* o *Certificate of Advanced English (CAE)* – with minimum score as stated in the factsheet (Attached A).

PLEASE NOTE: it is not necessary to have the proficiency required for the deadline of the Call but just for the application as exchange student that will take place after the grant allocation.

After the valuation of the applications, the Committee shall draw up a ranking list.

We remind the grantees that the final decision about their grant for mobility is up to the host University.

The host University may decide to refuse a student at any time, even after sending all the necessary documents for registration.
