Application deadline: March 3<sup>rd</sup> 2025 at 12:00

1- Eligibility criteria

The Erasmus+ Call for Study is open to students enrolled in a Degree programme, Master's Degree, single-cycle Master's Degree and PhD course at the University of Rome Tor Vergata in A.A. 2024/ 2025. You can see the requirements of the Erasmus+ Call 2025/2026 and in this annex to the Call.

  - 2) Not be enrolled out of course for more than one year.
- For doctoral students: to be enrolled in a doctoral course.

2- Application procedures and deadlines

The application for participation must be submitted exclusively by electronic means through the website [mobint.uniroma2.it/erasmus/candidatura](http://mobint.uniroma2.it/erasmus/candidatura) within the mandatory deadline indicated in the University's announcement. To access the online application, you must enter the same username and password used to access the Delphi Student Portal. The deadline for applying is very strict, so it is suggested to avoid preparing the application in the last few days before the deadline.

Before starting to fill in the online application form, students must check that their career data is up-to-date and complete by accessing the student's private area on the Student Portal (<http://delphi.uniroma2.it/>). In case of inaccuracies and/or omissions, the student has to report them to the Students' Office respecting the reception hours. If not, the ranking will be based on the data in the system.

The exams, which are not registered on the Delphi platform, must be entered manually, attaching in the same section the Delphi screen with the list of the exams being recorded. The ranking will be based on career data at the end of the Call. All examinations recorded after the expiry date will not be considered.

For students enrolled in a Master's Degree programme, the previous career will also be considered. For students enrolled in a Master's Degree course who have obtained their degree at another University in Italy or abroad, it will be necessary

to enter all the exams taken in the appropriate field and upload the certificate of graduation that carries the final grade, the date of first enrolment, examinations and teaching activities with the corresponding marks and credits obtained during graduation and declaration.

This documentation must be requested from the Students' Secretariat of the University from which you come. Please note that after validation of the application, no changes will be possible. Therefore, before validating the online application, students are invited to verify that the application is correctly filled in by contacting the Erasmus+ Office of the Macroarea of Sciences, at the following address:

E-mail: [erasmus@scienze.uniroma2.it](mailto:erasmus@scienze.uniroma2.it)

### 3- Ranking and evaluation criteria

For students enrolled in undergraduate, master's or single cycle degree courses, the score will be determined by the sum of the weighted average of the credits divided by thirty and the ratio between the credits obtained and expected credits. In the case of students enrolled in the master's degree, the evaluation will be attributed based on the current and previous career, carried out both within the framework of the degree and the masters. For students enrolled in the PhD, the score will be awarded based on the grade of the master's degree and an interview to assess the relevance of Erasmus mobility for the student's research project.

In the case of students who have obtained a foreign degree, evaluation will be carried out for degrees obtained in other countries, including through an additional interview to assess their knowledge and previous skills.

The date and modalities of the interview for doctoral students and students who have obtained a degree abroad, will be communicated by e-mail to the e-mail entered during the application process. The communication will require confirmation of attendance at the interview. If you fail to give notice or are absent from the interview, you will no longer be eligible for an Erasmus grant.

In the case of equal merit between students enrolled in a degree course and students enrolled in a master's degree course in the same area, students enrolled in the master's degree are ranked first. In the case of a equal merit between students enrolled in a PhD course, the candidates with the best degree score are ranked first. Finally, in the case of further parity, the youngest candidate is preferred.

The preliminary ranking will be published on the website [mobint.uniroma2.it/erasmus](http://mobint.uniroma2.it/erasmus). From this publication, students will have the opportunity to submit any comments and/or appeals on the merits, no later than 12:00 on the fifth day following that date, by writing to [erasmus@scienze.uniroma2.it](mailto:erasmus@scienze.uniroma2.it). The final ranking will be published as soon as the deadlines for submitting comments and/or appeals have been met, and any deadlines that may have been reached are set.

### 4- The Host University's requirements and procedures for the award

Students eligible in the ranking must present themselves to the assignment meeting on the date set which will be indicated on the website [mobint.uniroma2.it/erasmus](http://mobint.uniroma2.it/erasmus). The order of the award will be in this place.

It is important to note that the student's mobility is always conditional on the acceptance of the Host University and the fulfilment of the requirements required by the location. For information and deadlines, please consult the Fact Sheet and/or the website of the Partner Office. After the assignment of the place, it will be necessary to submit the online application (Application Form) on the Host University's website and fill out a study project (Learning Agreement). The Learning Agreement is available in the section "Student enrolled in Tor Vergata/student on mobility" at the following address [mobint.uniroma2.it/erasmus/](http://mobint.uniroma2.it/erasmus/) or on the Host University's website (where required). The Learning Agreement should list the educational activities that you intend to carry out at the Host University and their correspondence with the study plan of the Home University.

The Learning Agreement must be approved by the Erasmus+ teacher responsible for his or her course of study and signed by the Erasmus Coordinator of Macroarea. The names and contact details of the responsible lecturers are given in the list below. Upon signature of the Coordinator, the student must send the document to the host site for acceptance.

Since each site independently establishes deadlines and procedures for the submission of the Application Form and the Learning Agreement, it will be the responsibility of the winners to monitor the deadlines on the website of the host site. This information is usually found on the respective sites, in the section for Incoming Exchange Students (Incoming Exchange Students).

Following the assignment, the student must submit, if required and within the terms set by the foreign office, an official certificate indicating the level of knowledge of the language (A1, A2, B1, B2, C1, C2 according to the Common Framework of Reference for Languages recognized by the Council of Europe - CEFR) to the Host University awarded, under penalty of cancellation of the scholarship. The language level and certificate type are indicated for information in the list of the exchange

offer below for each place banned, but it is recommended that each student checks the information on the website of the place.

Please note that language requirements may vary according to field and course. Students are therefore invited to check, in addition to the table below, the page of the Host University's Faculty.

Please note that the University Language Centre (CLA, <http://cla.uniroma2.it/>) offers students enrolled in a course of study at the University of Tor Vergata the opportunity to enroll in a language proficiency course by acquiring a minimum level of knowledge of the language of the host country. Students eligible for the examination may apply to the same Centre for a certificate attesting to their CEFR language level.

#### 5- Final considerations

Changes to the study plan are allowed before departure or during the period of use of the scholarship. Changes to the study plan must be submitted promptly for approval by the responsible person and then forwarded to the Erasmus+ Office of the Macroarea of Science.

Upon return from mobility, the teaching activities and related credits acquired on mobility will be recognized in your career, based on the latest version of the Learning Agreement approved by the Home and Host Universities. The recognition is carried out by the competent Council of Study Courses, based on the certificate of the educational activities carried out at the host institution (Transcript of Records) and transmitted to the University of origin (Erasmus + Office of the Macroarea of Sciences).

**The duration of the scholarships indicated in this Call corresponds to that established in the Bilateral Agreements; however, it is clarified that the Erasmus 2025/2026 Mobility must be concluded by 30 September 2026.**

In order to create this package (*pacchetto esami*), students must comply with the following indications:

- Students abroad for one year must obtain at least **24 ECTS-CFU** and besides they may also gain further credits within the maximum allowed credits on their study plan. Students abroad for one semester must obtain at least **12 ECTS-CFU** and they may also gain further credits within the maximum allowed credits on their study plan. In the case the students do not gain the above-mentioned number of credits, the University will not pay the E.U. contribution and will require the returning of any funding possibly given in advance. Furthermore, the Macroarea committee will evaluate individual cases, such as the mobility for degree's thesis, upon a written request by the student. Students who are going to graduate and students who have completed their exams will be asked to obtain a minimum of 6 ECTS-CFU abroad, which can be achieved through foreign language courses in the host country or other courses of graduands' choice. PhD students will not be asked to acquire further credits.

**Acquisition of credits:**

- The acquisition of credits is not required to PhD assignees, where agreements provide for specific grants for PhD students. All other students must obtain in the host University 2/3 of ECTS-CFU of the equivalent subject (examples: 8 ECTS- CFU for 12 ECTS-CFU, 4 ECTS-CFU for 6 ECTS-CFU, etc.). The remaining ECTS-CFU credits may be gained in the host University in subjects which are similar to the scientific sector of the subject, in order to avoid further integrations of the exam. Nevertheless, the students, under the supervision of the Delegate of

the international mobility, have to find and attend the courses of the equivalent subject for the specific ones in the host University with the same amount of ECTS corresponding to Tor Vergata University's courses. If it is not possible, students who obtain only 2/3 of the ECTS requested, and not the totality of them, must follow the instructions of the Delegates of each Degree course (for LLEM & LLEA Delegates for International mobility of the language areas) in order to gain credits in similar subjects. The delegate will consider the appropriated activities for the Learning Agreement if, due to the deletion of courses at the host University or to possible problems for the admission to courses with a limited number of students, it is difficult to identify similar or corresponding subjects.

- For calculating credits in the Italian and foreign sets ("pacchetti"), other activities (LAB, stages, language courses and activities permitted by the Degree courses) with corresponding credits may be considered and recognized. These activities must be indicated in the Learning Agreement before the departure.
- In relation to the document approved by the Erasmus Coordination of the Macroarea di Lettere e Filosofia (see Erasmus Minute no. 2 of 12/12/2013), students who have attended one semester (at least 3 months) of Erasmus study will be awarded one point and those who have attended two semesters (at least 9 months) will be awarded 2 points (e.g.: if the basic average for the degree grade is 100, if one semester is to be added in Erasmus the grade becomes 101, if two semesters are to be added the grade becomes 102). Together with the average graduation mark, the Segreteria Studenti will be required to provide the Degree Examination Board with an indication of the semesters spent abroad within the Erasmus programme.

## 2. Language requirements.

It is **essential** for the students a certified knowledge of the language(s) of the destination country or of the language accepted by the host University as "learning language". The Programme is developed on the base of bilateral/multilateral agreements signed between the home and host Universities that expect specifically a language competence level (A1, A2, B1, B2, C1, C2). According to these agreements, the host University could not accept the students with a low level of language knowledge, even after grant allocation. Application forms regarding the German area of the courses LLEM e LINFO may be submitted starting from the second year by students who have a minimum of 12 ECTS in German language or who have a document certifying at least a B1 level of languages skill ("Zertifikat Deutsch"); first year students may submit their application only if they have the above -mentioned document for a B1 level.

Before the deadline for the presentation of the *application form*, a deadline which is different depending on the selected host University, the student will have to demonstrate an adequate knowledge of the language(s) of the country of the destination, or of the possible "learning language" established by the agreement with the host University. For this purpose, the student **must send** appropriate documentation **to the Erasmus Office of the Macroarea**, otherwise, he or she will lose the allocated Erasmus grant.

The agreement may require a "**certificate**" or an "**attestation**" (in both cases provided by institutions or authorities which are qualified for that purpose) for the language knowledge level.

If the Agreement requires a certificate, some examples of the most recognized certificates (without any intention of completeness) are the following:

### **English language:**

- TOEFL (Test of English as a Foreign Language)
- ESOL (English for Speakers of Other Languages – University of Cambridge)

- ESOL (English for Speakers of Other Languages –Pitman)
- IELTS (International English Language Testing System –University of Cambridge)
- ISE (Integrated Skills in English – Trinity College London)
- LCCIEB (London Chamber of Commerce & Industry Examinations Board)

### **French language:**

- DELF (Diplôme d'études en langue française – Alliance Française)
- DALF (Diplôme approfondit de langue française – Alliance Française)

### **German language:**

- ZD (Zertificat Deutsch – Goethe Institut/OSD)
- ZDfB (Zertificat Deutsch für den Beruf – Goethe Institut/OSD)
- ZMP (Zentrale Mittelstufenprüfung – Goethe Institut/OSD)
- ZOP (Zentrale Oberstufenprüfung – Goethe Institut/OSD)

### **Spanish language:**

- DELE (Diplomas de Español como Lengua Extranjera - Instituto Cervantes)

If the agreement requires the "attestation", the University will proceed with the recognition of the level of language skill according to one of the following requirements:

- **attestation** granted by an accredited school at a national and/or international level, with indications of the level that you have achieved (A1, A2, B1, B2, C1, C2);
- **a qualifying examination that you have passed at the CLA (Centro Linguistico di Ateneo di Tor Vergata**, web site: <https://www-2022.cla.uniroma2.it/>) with indications of the level that you have achieved (A1, A2, B1, B2, C1, C2);

### **Only for the students of the Degrees LINFO/LLEM and LLEA:**

- the achievement of 10/12 – 20/24 credits in the reference language which will be certified by the CLA (Centro Linguistico di Ateneo) according to the respective equivalence of the level that the study courses have established;
- a certified stay abroad for at least 4 months for reasons of studying or working (such as LLP/Erasmus or other mobility projects – the office establishes a B1 level \*);
- a written declaration by the student that the reference language is his/her mother tongue (the office establishes a C2 level \*);
- a certificate which expired less than four years (see above) indicating the level that you have obtained;
- enrolment to courses of this University in English (for example Pharmacy, Medicine, etc. - the office establishes a B2 level \*)

\* Attestations won't be granted to the students. A value is conferred for internal use for the sole purpose of the submission of the application.

If the student does not meet the Language Requirement by the terms established by the host University, or if his/her documentation is incomplete or false, the allocation of the grant will be cancelled, and the next student who comes in the ranking will replace the other student.

### 3. Ranking-lists creation and grants assignation

Ranking lists will be created on the basis of Degree Courses or related groups of Degree Courses. As regards Courses in Modern Languages and Literatures (LLEM), Languages in the Information Society (LINFO), European and American Languages and Literatures (LLEA) and Digital Humanities, lists will be divided according to the language areas of destination.

As regards **Bachelor's degree students**, only the exams taken (and passed) by **December 31st, 2024** will be considered valid for lists creation. Only for first-year students, also exams passed by the end of the first semester (winter session) will be considered valid.

For **Master's degree students**, the final score will be calculated on the base of the bachelor's degree final mark (expressed in thirtieths, namely final mark \* 3/11, plus 4 additional points for who graduated with honours. Credits obtained with Bachelor's Degree are 180) and on the base of the marks of the exams taken during the Master's Degree Course passed by **December 31st, 2024**. Similarly to Bachelor's Degree students, also for Master's Degree students enrolled in the first year, exams taken by the end of the Winter examination Session will be taken into consideration.

For pass-lists creation, the final score will be calculated by processing the following statistical indexes:

1. **Filter index (Index A)**: the score is calculated on the base of the number of exams taken. If the number of applications exceeds the available grants, only students who obtained at least 60% (sixty percent) of the credits expected for the relevant year and course will be admitted;
2. **Index of average mark (Index B)**: the score is based on the average mark weighted with credits (obtained by multiplying each mark by the related credits and adding up the resulting figures. The result will be divided by the total credits obtained by the student);
3. **Diligence index (Index C)**: it is a corrective index that will affect the final score by subtracting a maximum of two points to students who did not obtain the total number of the credits scheduled for their year of attendance. The year of attendance will be calculated starting from the year of enrollment.

#### Please note that:

- 1) To calculate marks, a full mark ("30 e lode") equals to 31;
- 2) Students of the old university system (*vecchio ordinamento*), which did not contemplate any credit award system, will be given 10 credits for each passed exam;
- 3) for exams that provide separate marks for the written and oral parts (i.e. language exams), only the total credits of the two parts provided for the ongoing year shall be considered;
- 4) for international students enrolled in Master's Degree Courses at our University and who have therefore obtained their Bachelor's Degree at a non-Italian University, for the purposes of the ranking, the Bachelor Graduation grade deposited at the Segreteria Studenti at the time of their first enrolment at the Macroarea of Humanities at Tor Vergata shall be taken into consideration for

the purposes of the Ranking.

The ranking-list, once considered the Index A, shall be created on the bases of the the score resulting from the following formula: Final mark = B-C.

**Provisional Rankings will be published by the first tendays of March 2025.** Possible clarifications or appeals about the result of the evaluation will be proposed at the Erasmus Office (Macroarea Lettere e Filosofia) at 12.00 in the 5thday after the announcement of the provisional pass-list.

**Presentation of the Host Universities (by the end of March 2025):** there will be orientation meetings with the participation of students who have already lived studies and Erasmus experiences, in the previous academic years.

**The publication of the final Rankings and Allocation meeting will take place by the end of April 2025.** The called students will declare in that place the grant acceptance, otherwise, the grant will be lost; according to the order of the list, students will choose the University among the available ones, and they will specify the duration of their stay abroad, opting for a semester or a year, when the options are possible. If a student gives up the grant, there will be a new grants assignation, obviously following the pass-list. During the Allocation meeting, the student will sign the preliminary acceptance module. Later on, the procedure about the on-line signature of the final contract will be communicated. Please note that the students who cannot come to the grant assignation meeting can be represented with a signed authorization and with a copy of their ID card.

**Residual scholarships:** After the first Allocation of scholarships, students may be awarded, in the second instance, residual scholarships from degree courses other than their own. In fact after the first allocation of scholarships, a new ranking list will be created (by the end of **April 2025**), which will include, with reference to all degree courses, the names of students who did not receive a scholarship in the previous selection. Students in this second ranking list will be awarded the score accrued in the first instance. It should be noted that the allocation of these remaining scholarships is subject to acceptance by the host university and the compatibility of the respective educational offer. The student must check with the Erasmus Office of the Macroarea the actual availability of the location provisionally assigned to him/her. Once this ranking has been exhausted, the remaining scholarships will be assigned according to the order of arrival of the applications re-submitted to the Erasmus Office by students who meet the requirements of the call for applications.

#### **4. Learning Agreement and recognition of exams passed abroad**

**Before the departure,** students who are assigned an Erasmus grant will complete the procedures for enrolment in the host University by the deadline provided by each University. It should be noted that, before proceeding to the compilation on the MOBINT platform, the student must send an email to the Erasmus contact person of his or her Course of Study (for LLEM and LLEA Erasmus contact person of the language area) of our University (see lists below) in order to agree with him or her the exams to be included in the form available on the platform. Once the exchange of e-mails with the referent has been concluded, the student must forward it to the Macroarea Erasmus Office the final e-mail from which the authorized exams result. After that, the student will have to fill out the Learning Agreement on MOBINT<sup>1</sup>. Please note that once the entry has been completed, it will not be possible to re-access the contents entered until the Macroarea Erasmus Delegate receives the email approving the Learning Agreement.

<sup>1</sup> Find the module at the link below:

[http://mobint.uniroma2.it/erasmus/learningagreement/pp\\_default.aspx?ReturnUrl=%2ferasmus%2flearningagreement](http://mobint.uniroma2.it/erasmus/learningagreement/pp_default.aspx?ReturnUrl=%2ferasmus%2flearningagreement)

Each exam will be planned to take into account the student's workload required for the course attendance, the preparation of papers and the exam programme. However, the exam can be approved on the basis of the number of hours of lessons, if there is not a correspondence between ECTS-CFU of a Tor Vergata course and the Host University (as stipulated Senate's resolution of 26.7.16). Details on courses held at partner Universities are available on the websites listed below.

**During his/her stay abroad**, if the student cannot attend the courses agreed upon with the Delegate for international mobility, he/she will agree with him/her possible changes which will be notified via email to the Erasmus office of the Faculty of Humanities along with the Delegate's authorization. The changes will have to be reported on the Learning Agreement and signed by the aforementioned Delegates. Please fill out your Learning Agreement by PC and NOT manually. Any change will have to be issued **online** through the change form from the Learning Agreement.

**After the mobility period**, the exams taken and passed in the EU host Universities will be recognized as equivalent to our University's on the basis of the approved Learning Agreement. Marks given to the exams will be converted according to the tables approved by Departmental Councils and signed by the Delegates for International Mobility according to of own course study (for LLEM & LLEA Delegates for International Mobility refer to each language area) as listed below; in order to validate exams taken at the host University, students will have to submit their definitive Learning Agreement through **the platform MOBINT** by uploading it on their personal page. Please note that incomplete documentation will cause a delay in the procedures for the recognition of the exam.

For any further information about procedures to follow, documents to produce, Partner Universities, etc. students are invited to look up the [web site](#) of the Erasmus+ Office of the Macroarea di Lettere e Filosofia, and to get in touch with the Responsible at the following contacts.

## **ATTACHMENT 1- Call for Application ERASMUS+ a. y. 2025-2026**

### **SCHOOL OF ECONOMICS**

#### **SELECTION AND EVALUATION OF THE APPLICATIONS**

In accordance with bilateral agreements signed between European Universities and this University for disciplinary areas 031 and 041<sup>1</sup> for the academic year 2025-2026, Erasmus+ scholarships will be available for countries and locations indicated at the following link:

<https://economia.uniroma2.it/international/presentazione-sedi/>

The bilateral agreements are being renewed via EWP platform and, therefore, the available scholarships will be officially announced when the ranking list is released

#### **REQUIREMENTS FOR PARTICIPATION**

In order to take advantage of the European Community contribution, the student must:

- not benefit at the same time from the European Community grant for other programs or from actions funded by the European Commission or from a scholarship under other international mobility programs of this University and/or equivalent to those in this University;
- not have reached the maximum number of months of mobility permitted by the Erasmus+ program in his/her cycle of studies (Erasmus+ allows for different periods of mobility per cycle of study, whether it is for study or training period. A total of 12 months of mobility is allowed for each cycle of study, Bachelor's degree programs, Master's degree programs, PhD/postgraduate's programs and a total of 24 months for the one-cycle study program;

#### **LINGUISTIC KNOWLEDGE**

In order to apply, the student must provide a certificate of proficiency in the language(s) of the country of destination or in a language accepted by the host University as "learning language". Each partner University has its own language requirements that the candidate should meet by the expiry of this call.

Carefully consult the list of locations with their language requirements:

<https://economia.uniroma2.it/international/presentazione-sedi/>

Based on these agreements, the Host Institution has the right not to accept the student, even after the award of the scholarship, if deemed unprepared on a linguistic level.

Those who are not in possession of any official certification can attach a certificate or a self-certification<sup>2</sup> according to what indicated below:

---

<sup>1</sup> See: <http://www.uis.unesco.org/Education/Documents/isced-37c-fos-review-222729e.pdf>

<sup>2</sup> Self-certification:  
[https://economia.uniroma2.it/public/erasmus24/files/BANDO\\_ERASMUS%2B/modulo\\_autocertificazione\\_self-declaration.pdf](https://economia.uniroma2.it/public/erasmus24/files/BANDO_ERASMUS%2B/modulo_autocertificazione_self-declaration.pdf)

- certificate from a school nationally and/or internationally recognized or from CLA, attesting the level reached (A1, A2, B1, B2, C1, C2)
- passing a language proficiency test or a qualifying exam held at the home University attesting the level reached (A1, A2, B1, B2, C1, C2)
- self-certification of the language proficiency (English, French, Spanish, Portuguese) earned at the home University which does not attest the level reached for which the Office will assign a B1 level
- copy of the diploma of the *liceo linguistico* for which the Office will assign a B2 level (for two of the languages studied between English/ French/Spanish/German);
- self-certification of a stay abroad certified for at least four months for study or work reasons (eg. *Erasmus+*, *Traineeship*, *Overseas* or other mobility projects) for students enrolled at the University of Rome "Tor Vergata"- for all the other students, an official certificate of participation in one of the mentioned programs for which the Office will assign a B2 level;
- self-certification of the candidate attesting to be mother tongue for which the Office will assign a C2 level;
- self-certification for students enrolled in degree programs entirely taught in English in this University for which the Office will assign a B2 level (English).

The ERASMUS+ Committee? will assess carefully the language requirements declared by each candidate.

For certifications and self-certifications, the student will be required to upload those documents when filling out the on-line form.

Any applications submitted without the above-mentioned requirements will be considered as void.

In case of mendacious self-certification, the candidate will be automatically excluded from the selection.

### **APPROVAL OF THE COURSES TO BE TAKEN ABROAD**

Before leaving, students must ask for the approval of the courses to be taken while abroad. Every single Study Program has appointed its own Erasmus + Coordinator who is in charge of the approval of the courses (*pacchetto esami/exam approval request*).

Students are asked to contact their Program Office (*Segreteria Didattica*) which will provide all the information as regards the procedure to be followed for the approval of the aforementioned courses (students must download syllabi of the courses they are interested in from the website of the university which will host them and submit the syllabi according to the procedures established by their Program Office).

Following the approval of the courses (*pacchetto esami/exam approval request*) to be taken while abroad, the Program Office of each Study program will communicate to the Erasmus + Office of the Faculty the list of approved courses. Only after the approval, students will fill in the **ONLINE [learning agreement](#)**<sup>3</sup> that will be signed by the Erasmus+ Academic Coordinator at the School of Economics, Prof. Gianluca Mattarocci.

If, once a student arrives at the Host University, problems arise in taking the courses initially approved, it is possible to apply for approval of new courses, subject to written notification to the Program Office of the School of Economics.

After written request by the applicant, the Erasmus+ Committee can also evaluate special cases such as [mobility for thesis abroad](#), in addition to 6 credits recognized in Tor Vergata.

### **RECOGNITION OF EXAMS TAKEN WHILE ABROAD**

Upon their return, students will receive a Transcript of Records from the Host University (*certificato degli esami sostenuti*). The grades will be converted by the ERASMUS+ Office of the School of Economics and consequently approved by the Academic Board of their Study program) according to the official grading table which can be viewed at <https://economia.uniroma2.it/international/tabella-di-conversione/>

### **UNIVERSITY FEES EXEMPTION IN THE HOST COUNTRY**

attaching:

1. LINGUISTIC CERTIFICATION/ATTESTATION (**COMPULSORY**)
2. and **only** in cases where all the exams are not visible on the totem, students should include a photocopy of their exam booklet.

The provisional ranking list will be published online on the site:  
<http://mobint.uniroma2.it/erasmus> Should students wish to appeal against the list, they must do so on unheeded paper (carta semplice) and send it to the Erasmus Office of their Faculty by to [jadwiga.szczur@uniroma2.it](mailto:jadwiga.szczur@uniroma2.it)

The definitive ranking list will be published online on **on the site:**  
<http://mobint.uniroma2.it/erasmus>

The awarding of scholarships will take place online ON TEAMS

According to the scheme:

\_ Sports Area (Sports Sciences, STS, STAMPA, PHP), Dentistry, Nursing, Physiotherapy, Dietetics, Medical Biotechnology, Medicine and Surgery (Winners and Eligible)

\_ Medicine and Surgery (Winners ONLY)

\_ Eligible (Medicine and Surgery) and residual scholarships

**Attention:** INFODAY MEETING on Teams for everyone

The exact time and the link of the assignment will be communicated together with the publication of the final ranking

**For all degree courses:**

- a) Please note that “*cum laude*” is worth 0.2 points and is considered part of the score of that specific exam when calculating the average.
- b) The destination will be chosen by the winners of the selection when the Erasmus scholarships are awarded following the ranking list. Please note that students must be present on the day of the assignment of the scholarships to officially accept the award.

**N.B:** Once validated, the application cannot be modified. The ranking list will be compiled by the system according to the data provided by the students so it will be impossible to include or exclude exams that have been inserted erroneously. For this reason, including a number of exams that is different from the number established by the selection will automatically lead to the exclusion of the student from the ranking list.

Students who opt for the second semester and are enrolled in their final year probably will NOT be able to graduate in time in July after having terminated their Erasmus scholarship because time is needed to validate the exams taken abroad. In these cases, it will be possible to graduate in October of the same year.

IN CASES WHERE STUDENTS FAIL TO FOLLOW THE REGULATIONS OF THE ERASMUS OFFICE OR THE TERMS LAID OUT IN THE CALL, THEIR ERASMUS PERIOD WILL NOT BE VALIDATED

**Please note: This English version of the call is made only for publicity purposes. For enforcing the call, resolving any dispute and for all legal purposes only the Italian version is valid.**

## ERASMUS+ Programme, FOR STUDY (KA131 – UE)

A.Y. 2025-2026  
Addendum – School of Law

Deadline March 3rd, 2025 at 12.00 pm.

### **ELIGIBLE CANDIDATES**

All students regularly enrolled in the degree courses of Law, in the bachelor degree in Science of Administration and International Relations and in the bachelor degree in Law, Technological Innovation and Sustainability are eligible for the programme (see **Art. 1 Erasmus + University Call “PARTICIPATION REQUIREMENTS”**).

The departure of the student is subject to compliance with the legislation of the host country, acceptance of the nomination (deadlines of the terms imposed by host universities) and of the student himself by the host university.

It is recommended that the candidate has a good knowledge of the language of the University of destination required by the agreement with the host university. In any case, at the time of enrollment at the host university (indicatively March/June for the first semester and one academic year and October/November for the second semester) the candidate must produce a certificate of the level reached, issued by an authorized entity, which many universities require to be attached **to the registration form**. (see **Art. 1 Erasmus + University Call “LINGUISTIC KNOWLEDGE”**).

### **MINIMUM MOBILITY PERIOD**

**The minimum period of stay** at the host university is two months (sixty days). A shorter period is not sufficient for the student to obtain the "Erasmus + status" and any grant received must be returned by the student (see **Art. 3 Erasmus + University Call “MOBILITY”**).

### **DEADLINES AND ASSIGNATION PROCEDURE**

Applications have to be filled out and submitted online at <http://mobint.uniroma2.it/erasmus/candidatura/default.aspx> within March 3rd 2025 at 12.00 pm.

The ranking list, decided by the evaluation Committee, nominated by Rector's decree, on the basis of criteria predetermined stated in the call, lasts for one academic year (the duration of Erasmus+ grants varies according to the host university).

## RANKING CRITERIA

### Weighted average x number of exams / semesters

- 1) The semesters are calculated based on the year of enrollment up to the first semester of the A.Y. 2024/2025;
- 2) In case of shortening course or transfer from another University, the semesters are calculated starting from the year of first enrollment;
- 3) In case of equal ranking between two or more students, priority is given to the one with certified disability more than 66%;
- 4) In case of equal ranking between two or more students, priority is given to the one who has the most honors;
- 5) In case of equal ranking between two or more students who has the same score and the same number of honors, priority is given to those with the lowest ISEE amount;
- 6) The student who has already carried out or who is carrying out a period of study in Erasmus will be positioned at the bottom of the ranking, to give precedence to those who, for the first time, will join the Erasmus + program.

The ranking list will be published on the website <http://mobint.uniroma2.it/erasmus/studenti> and on the page <http://giurisprudenza.uniroma2.it/erasmus/>

Any motivated appeals relating to the ranking list must be reported by e-mail to [erasmus@juris.uniroma2.it](mailto:erasmus@juris.uniroma2.it), within five days from the publication of the ranking list.

The selected students shall formally accept the Erasmus+ grant by signing the related contract. Scholarships will be formally awarded during a meeting, the participation to the Erasmus + meeting is compulsory for the winner. In case of proven impediments, the student can delegate a trusted person who will indicate the chosen preference, by sending, in the 5 days after the meeting, the proxy and the delegate's document.

The day and time of the above-mentioned meeting will be communicated by email and by publication on the pages <http://mobint.uniroma2.it/erasmus/studenti/>, <http://giurisprudenza.uniroma2.it/erasmus/>,

Non-acceptance of the scholarships implies the loss of the same.

Departures, indicatively, are scheduled for the months of August and September 2025 in the case of first semester and annual scholarships, and in the months of January / February 2026 in the case of second semester scholarships.

- The students selected, in order to receive **health care abroad**, must be in possession of a health card issued by the municipality of residence (**for more information, see the Erasmus + University Call see pag.3**).
- The acceptance of the students **with special needs** is subject to the approval by the host University. Students with special needs, in addition to the required online application, can submit, within the limits established by current legislation, an additional application on plain paper addressed to the Central Erasmus + Office (**for more information see Erasmus + University Call Art 4 – LETTER C “SUPPLEMENTARY COMMUNITY GRANTS FOR STUDENTS WITH SPECIAL NEEDS”**).
- The students selected for an Erasmus+ grant must sign the **online mobility agreement** before their departure, otherwise they shall not be allowed for the Erasmus mobility. Departure without having signed the mobility agreement will be without insurance coverage and financial contribution, and exams taken abroad cannot be recognised. The mobility agreement will be available on the Mobint platform (personal page) only after the forms have been completed: acceptance of the Erasmus grant and learning agreement approved by the Coordinator.
- It is possible to extend the duration of the mobility, for well-proved study reasons. The form, duly filled in, must be uploaded on the mobility platform, and a copy sent to the Erasmus Office of Law ([erasmus@juris.uniroma2.it](mailto:erasmus@juris.uniroma2.it)). **For more info see Erasmus + Call of Law pag. 5**. Please

note that in case of acceptance of the extension by the Commission, no contribution will be paid for the additional months requested.

- **Before departure the student must:**

-upload the Erasmus grant acceptance on the Mobint platform.

-Fill in the Learning Agreement, agreeing the modalities with the Erasmus+ Office of the Department of law and wait for the authorization by the Erasmus+ Commission. The learning agreement will be finalized only when completed by the student and signed by the Coordinator on the Mobint platform

-Sign the mobility agreement.

-Sign the mobility student's code of conduct.

- **Upon returning from the mobility**, the student will have to upload no later than 15 days from the end of the mobility, the end of mobility documentation to the Mobint platform:

1- Confirmation of registration and stay,

2- Self-certification form for exams/credits taken abroad,

3- Participant report (which is sent via email and must be filled in on the EACEA website) (see **Art. 3 Erasmus+ University Call**),

4- Transcript of records (TOR).

Once the **NULLA OSTA** has been obtained from the Erasmus+ Office of the University, the student can contact the Erasmus+ Office of the Department for the procedures relating to the recognition of exams, by sending an email to [erasmus@juris.uniroma2](mailto:erasmus@juris.uniroma2) attaching the transcript of records (TOR) issued by the foreign university and the exam recognition request form, which will be provided by the Department Erasmus + office.

### EXAMS RECOGNITION

Exams will be validated after the submission of a pre-printed form, filled out and accompanied by the original copy of the exams (transcript of records) provided by the host University or sent by them after the departure. Participation in the Erasmus + project (renouncers excluded) will be awarded with two more points in the calculation of the final graduation mark for an academic year and 1 point for a semester. In any case, cumulatively, students who have participated several times in the same Overseas program, or in other training programs abroad (Erasmus or similar), can be awarded with maximum of TWO incremental points on the average starting grade. (See **Erasmus Law Regulations** <http://giurisprudenza.uniroma2.it/erasmus/>).

The Erasmus+ Commission of the Department will be able to evaluate particular cases, such mobility for degree thesis research, upon written request by the applicant.

The marks of the exams taken abroad will be converted on the basis of the tables approved by the competent academic organs.

### ECTS CREDITS EARNING

Upon indication of the European Commission, the University requires the student participating in the Erasmus+ Program, a minimum of credits to be achieved in the foreign University equal to 2/3 of the credits (CFU) provided per year by the current teaching system. The latter provides for the achievement

of 60 credits per year. Therefore, the student attending abroad for an entire year must achieve a minimum of 24 credits and 12 credits for one semester (DM.509/99 - DM.270/04).

In the absence of this result, the University will not proceed with the payment of the Erasmus+ scholarship and will request the return of any funds given in advance (**See Art. 3 Erasmus+ University Call**).

The acquisition of credits is not required for Erasmus+ PhD scholarships.

The Erasmus+ Commission reserves the right to evaluate each case individually

## APPLICATION PROCEDURES AND EVALUATION CRITERIA

### ERASMUS+ CALL A.A. 2025/26

**Please note: This English version of the call is for publicity purposes only. For enforcing the call, resolving any dispute and for all legal purposes only the Italian version is valid.**

**IMPORTANT:** Submission of applications will occur online only, by filling out the form available at the following link:

<http://mobint.uniroma2.it/erasmus/candidatura/Default.aspx>

The submission form will be available on line starting from the issue of the Rector's Decree until the deadline indicated in the Decree.

Please note: The candidate is entirely responsible for filling out the application form. Applications that do not result "Validated" (completed and closed) online by the application deadline will be considered void, as well as applications containing incorrect or untrue data.

For any doubts or clarifications, students can request an appointment at the Erasmus+ Office of the School of Engineering by contacting Daniela Mannino (Tel: +39 06 72597506 email: [daniela.mannino@uniroma2.it](mailto:daniela.mannino@uniroma2.it))

### 1. Requirements and instructions for the application

Students enrolled in a bachelor course, master's degree, single cycle degree programme, Ph.D. meeting the requirements as indicated in the 2025-2026 Erasmus+ Call of the University can apply to the Erasmus+ program.

In particular:

a) For the purposes of the ranking, as for the three-year bachelor degree first year students, the exams taken before the end of the second semester (winter session) will be considered. If the exams are not registered on Delphi yet, they can still be added in the appropriate field specifying the denomination of the exam, marks and credits and attaching a proof of the exam taken (mail from the responsible Professor or from Delphi portal).

Only students who achieved at least 6 credits by the end of the first semester exam session can apply; differently their application will not be considered valid.

b) Students transferred from other universities or graduated at other universities must enter the exams taken in the appropriate field, specifying the denomination of the exam, marks and credits and attaching a digital scan of the official passed exams certificate;

c) As for students who have obtained a bachelor degree abroad, the weighted grade point average (see Evaluation criteria) will be calculated by converting the degree grade into thirtieths;

d) PhD students must submit the application form by e-mail, including:

- CV Resume
  - Research project
  - Language certificate/declaration
- e) Students enrolled in the last year of the Bachelor degree who wish to apply to carry out the program during the Master's degree can send the application and, if admitted to the ranking, may have the scholarship assigned conditionally; in case they are not able to provide the certificate of enrolment to the Master's Degree by the deadline indicated by the Erasmus+ Office, the assignment will be revoked.
- f) Language certificates, certifications and linguistic self-certifications (*Dichiarazioni sostitutive di certificazioni in possesso, Art. 46 D.P.R. 445 del 2000*) must be uploaded as attachments.

## 2. Evaluation criteria for ranking list and selection of candidates

The ranking list will be the result of:

- Weighted grade point average: obtained considering the number of credits of all exams passed and registered on Delphi by March 1<sup>st</sup>, 2025;
- Student performance: the ratio between the credits earned and the number of years attended since enrolment to the Bachelor's Degree Course.

All the exams passed during the Bachelor's and the Master's Degree Courses will be evaluated without any distinction. Bachelor's Degree final mark will not be evaluated (unless in case of degrees obtained abroad, as specified above). The number of full marks with honors (30 e lode) obtained will be considered only in the case of an equal score in the final ranking list. In the event of a further equal score, the youngest candidate will be favoured in compliance with *art.3, Law 127/97* and *art.2, paragraph 9, Law 191/98*. Exams whose marks are not in thirtieths will not be considered.

*Note: As per decision of the Boards of the Degree Courses of Mechatronics and Engineering Sciences, students enrolled in these Degree Courses must have a score of at least 28 in the Erasmus ranking list (not the weighted grade point average) in order to receive the grant.*

Each Degree Course will have its final ranking list. Grants will be assigned separately to students of each Degree Course (possible combination of similar Degree Courses can be considered). Candidates will pick their destination according to the ranking list order of each Degree Course (provided that they meet the requirements for the specific destination, both as regards language skills and study level: PhD students, students who are preparing their graduation thesis, etc.).

As for the following grants, the assignation can be decided by the Erasmus+ Coordinator in charge of the agreement. Grants may not be assigned if the Coordinator decides that requirements for the specific destination are not met. To this regard, students interested in the above-mentioned destinations are suggested to refer to the Erasmus+ Coordinator in charge of the agreement beforehand:

- Universidade Catolica Portuguesa Lisboa, Université De Provence - Aix Marseille, École Nationale Supérieure Des Techniques Avancées, Ecole Nationale Supérieure des Mines de Saint-Etienne (Ingegneria Medica)

- Haute École Spécialisé de Suisse Occidentale e Haute École d'Ingegnerie et Gestion du Canton de Vaud (Ingegneria Energetica)
- Imperial College Londra (Ingegneria dell'Automazione)

### 3. Language skills requirements

Each destination can require a defined level of certified/declared linguistic knowledge, as listed in this annex from page 7 (note: some language requirements may vary from the date of publication of the call for applications to the time of application to the host university). In fact, the program is based on agreements between the sending and receiving Universities, which, in most cases, require a specific language level (A1, A2, B1, B2, C1, C2). According to the bilateral agreements, the hosting University could reject a student whose language level is not adequate, even after the assignment of the grant.

Therefore, the grants will be assigned **with priority given** to the students that already have the requested language certification/declaration and have attached it to the application; **secondly, priority will be given** to the students that will obtain the certificate after the call closing date but before the assignation of grants. Thirdly, priority will be given to students that still have to achieve the required certification, for mobility in the second semester only. In this case, the grant assignment will be **conditional and revocable** by the Erasmus+ Office if the certification required is not achieved by the deadline indicated by the Erasmus+ Office.

If the student is not able to provide the required documents certifying the language level by the deadline, the assigned grant will be cancelled and given to the next candidate on the ranking list.

According to the different agreements, an official declaration by an Institute can be sufficient as proof of the language level. Whereas, if according to the agreement it is mandatory to provide a language certification, it has to be issued by one of the following Institutions:

English language:

- TOEFL (Test of English as a Foreign Language)
- ESOL (English for Speakers of Other Languages – University of Cambridge)
- ESOL (English for Speakers of Other Languages – University of Pitman)
- IELTS (International English Language Testing System – University of Cambridge)
- ISE (Integrated Skills in English – Trinity College London)
- LCCIEB (London Chamber of Commerce & Industry Examinations Board)

French language:

- DELF (Diplôme d' études en langue française – Alliance Française)
- DALF (Diplôme approfondit de langue française – Alliance Française)

German language:

- ZD (Zertificat Deutsh – Goethe Institut/ OSD)
- ZDfB (Zertificat Deutsh fürden Beruf – Goethe Institut/ OSD)
- ZMP (Zentrale Mittelstufenprüfung – Goethe Insitut/ OSD)
- ZOP (Zentrale Oberstufenprüfung – Goethe Institut/OSD)

Spanish language:

➤ DELE (Diplomas de Español como Lengua Extranjera)

In addition to the certifications listed above, certificates listed by the MIUR are considered valid: <https://piattaformaenticert.pubblica.istruzione.it/pocl-piattaforma-enti-cert-web/elenco-enti-accreditati>

A self-certification from the candidate declaring to be a native speaker of the language is accepted after proper examination and C2 level will be assigned. For students attending classes in English language, a B2 level (English) is recognised.

The stay in a foreign country, certified or self-certified, of at least 3 months for study or work purposes (for example, *Erasmus+*, *Traineeship*, *Overseas*, or other mobility projects) for students enrolled at Tor Vergata University will be evaluated and recognised as B2 level knowledge, unless they achieved an upper level taking the linguistic online support (OLS) exam. For all the other students, it is necessary to provide an official certificate of attendance of one of the projects above mentioned.

For equivalences between the required linguistic skills and the declaration's levels based on the QCER, please refer to our Academic Centre Language (CLA): [Erasmus outgoing – Centro Linguistico di Ateneo](#)

Erasmus+ gives the opportunity to all participants to improve their language skills before and during the mobility abroad through a European service of Online Language Support (OLS), which gives them the possibility to both evaluate their language knowledge and attend a free online course to improve their skills.

Furthermore, students interested in participating in the Erasmus+ program can attend classes potentially organized by CLA.

The linguistic knowledge level will be assigned by the Commission after an evaluation based entirely on the documentation attached to the application. It is highly recommended that the student attaches all the documents in his/her possession.

### **1. Publication of ranking lists, assignation of grants and signing of contracts**

The final ranking list will be divided by Degree Course and published on the website <http://mobint.uniroma2.it/erasmus>.

On-line publication of the ranking list has legal value and constitutes an official notice for all selected candidates. Students are expected to personally check the ranking list, no other forms of communication of the results are foreseen.

After the rankings will be published online, the procedures for the grants assignation will also be published on the website <http://mobint.uniroma2.it/erasmus> . The Erasmus+ scholarships will be assigned by the Commission appointed by the Rector.

Students will indicate their preferred destination at the meeting for the assignation of grants, according to their position in the ranking, after verification of the requirements by the Commission. Students are expected to get information about the courses offered by each partner University which are of their own interest and available, by consulting the website **before the choice of destination**.

**Appeals:** Appeals should be signed and submitted on unstamped paper (no tax stamp required). Reasons for the appeal should be clearly expressed. Appeals shall be submitted to the Engineering Erasmus+ Office **within five days from the ranking list publication on-line** (please contact Daniela Mannino Tel: +39 06 72597506 email: [daniela.mannino@uniroma2.it](mailto:daniela.mannino@uniroma2.it)).

For students selected for the Erasmus+ grant who after signing the contract will not leave for the mobility period and will not submit their formal renunciation on time for serious reasons, what is written in the University call will be applied. If a waiver is received on time, the next candidate on the ranking list will be assigned the grant, if meeting all requirements.

Students selected for the grant must fill in the *Learning Agreement* form and submit it the host University (partner in the Erasmus+ agreement). Submission of the Learning Agreement shall respect the deadlines set by the host University. The procedures will be available on the website <http://mobint.uniroma2.it/erasmus>

#### **4. Grant disbursement and registration of exams**

In order to obtain the grant, the student shall achieve a minimum of credits during mobility abroad as specified in the University Erasmus+ call.

In order to set up the "package recognition" as explicated in the University announcement the student must keep in mind the following indications:

- a. It is essential that the student obtains at least 2/3 of the ECTS-CFUs for the corresponding course at the foreign University (examples: 8 ECTS-CFU for 12 ECTS-CFU). The remaining credits must be obtained from the foreign University in a similar academic field (*settore scientifico-disciplinare*) or subjects that are relevant to that specific course. Additional course integrations or tests are no longer allowed on site after the program, neither written, oral nor practical. Students who only achieve 2/3 (or more) of the ECTS-CFU in the corresponding discipline at Rome Tor Vergata, but not the whole amount, will have to follow the indications that each single course (as communicated by the Delegate) establishes for the achievement of credits in disciplines similar to that indicated on the Learning Agreement in order to complete the rest of the credits.  
In order to calculate the ECTS-CFUs, in the "packages" other activities apart from the exams (course attendance, laboratories, internships, language courses and all ECTS-CFU allowed from the study courses) with the equivalent credits can also be included, as long as they have been agreed before departure and are indicated in the learning agreement.
- b. In the "package" mobility it is possible to include the bibliographic research activity for bachelor/master degree thesis for students who have completed all the exams required by their program structure/curriculum.
- c. The procedure for the recognition of exams taken abroad is carried out by the degree course secretariat where the request is submitted. For this purpose, the following procedure is recommended:
  - Consult the website of the host University where the scholarship was awarded;
  - Download the syllabus of the courses that you intend to attend and have them approved, or confirmed, through the appropriate form by the Coordinator of the degree course, who will then coordinate with the Delegated Professors;
  - The student is free to request further recognition of equivalences during the program at the partner University, to the extent that the request is made to the Coordinator of the degree course, or to the Delegate Professor, by e-mail. A link of the course to be recognised should

- be attached, with program description, number of credits, hours of attendance.
- d. In order to validate the exams taken or other education activities carried out abroad during the Erasmus+ Program, please note that:
- To apply for the recognition of the study period abroad, students must obtain authorisation (nullaosta) from the Erasmus+ University office, which will issue it when the student has regularized his administrative issues.
  - It should be noted that, as a rule, certificates and declarations related to exams taken might require significant technical transmission time. It is therefore preferable, if the Erasmus+ coordinator of the Partner University allows it, to ask for a further certification of the exams taken, or alternatively, a copy of the certification authenticated with the University's registered stamp. If the delay in the transmission of the certificates compromises the participation in a graduation session or the assignment of other scholarships or other rights, it is advisable to communicate these needs in advance to the Engineering Erasmus+ Office staff who will take care of informing partner Universities.
  - The “packages” of the exams achieved abroad are formally submitted to the interested Degree course for approval and forwarded directly to the students’ Secretariat of the School of Engineering for registration.

\*Additional requirements for all destinations in:

- Germany

The German Federal Office for Migration and Refugees requires non-EU students to provide proof of sufficient financial means for their exchange semester in Germany. The amount required is 934 € for each month of mobility. Part of this amount is covered by the ERASMUS+ scholarship, of course, but the rest has to be provided by the students.

- United Kingdom

For study stays of more than 6 months, the UK requires the Secure English Language Test certificate to obtain a visa.
