INTERNATIONAL MOBILITY CALL FOR STUDIES TO NON- EUROPEAN COUNTRIES ERASMUS+ KA131 AND OVERSEAS PROGRAM ACADEMIC YEAR 2025/2026

Application deadline: 19 March 2025, at 12:00 noon Rome time (GMT+1)

General Information

The goal of this Call is to conduct a selection process based on qualifications and a possible interview to award scholarships to students regularly registered for the academic year 2025/2026 at Tor Vergata University of Rome. These grants enable Tor Vergata University students to study at an extra-European Host University (under a Student Exchange Agreement or an Erasmus+ Inter-Institutional agreement in place between the two Institutions)¹.

The list of available destinations is provided in **Annex A** of this Call.

During their mobility period, students must undertake academic activities consistent with their degree program, attend classes, and take final exams, while remaining regularly registered at Tor Vergata University of Rome. Students will be awarded their degree (Bachelor's or Master's Degree) only after completing their mobility period.

Successful candidates will be exempt from tuition fees at the Host University but must continue to pay tuition fees at Tor Vergata University of Rome.

In light of the above,

TOR VERGATA UNIVERSITY OF ROME ANNOUNCES THE ALLOCATION OF 25 KA131 ERASMUS+ EXTRA-EU SCHOLARSHIPS AND 40 OVERSEAS SCHOLARSHIPS TO ATTEND COURSES AND TAKE EXAMS AT NON-EU UNIVERSITIES.

Should unallocated funds become available, the number of grants may be increased.

¹ Through the KA 131 Extra-UE mobility, the Erasmus+ Program allows university students to spend a mobility period abroad in countries that are not associated with the Program (extra-EU countries) via inter-university agreements, with recognition of ECTS credits (CFU) and with the guarantee that the activities undertaken abroad will be recognized by the Home University. Students can apply from their first year of enrollment.

Art. 1

Eligibility requirements

Eligible students must be regularly registered in the academic year 2024/2025 at Tor Vergata University of Rome and must remain regularly registered in a degree program consistent with their current studies for the academic year 2025/2026.

PLEASE NOTE: Students who are not regularly registered in the academic year 2025/2026 before departure (e.g., non-payment of the first tuition installment or registration under provisional enrollment – “domanda cautelativa”) will automatically lose their mobility rights and will be eligible for Erasmus+ student status and the grant.

Applicants must also meet the following general requirements:

1. Maintain a minimum **GPA of at least 24/30²**;
2. Demonstrate proficiency in the language of the Host Country (or, where applicable, in the bridge language spoken in the Host Country). Such proficiency must be proven by one of the following:
 - a certificate issued by a nationally and/or internationally recognized institution;
 - a self-declaration confirming completion of a language proficiency test in the language of the Host Country (or bridge language) at Tor Vergata University of Rome;
 - Proof of residence for at least three months in a country where the language of the Host Country (or bridge language) is spoken, for study or training purposes.

PLEASE NOTE: The language requirements outlined above apply to this Call for application. Any additional language proficiency requirements set by the Host University (see the Fact Sheets of partner Universities) must be met at the time of application.

Host Universities reserve the right to reject applications if language proficiency is deemed insufficient.

Art. 2

Incompatibility

During their stay abroad, students must remain regularly registered at Tor Vergata University of Rome and up to date with tuition fee payments. They will be eligible to graduate (Bachelor’s, Master’s, or Single-cycle) only after completing their mobility period and returning to their Home University.

Students participating in the Erasmus+ program MUST NOT receive financial support from any other European Commission-funded programs or initiatives during the same period (or part of

² This requirement will be verified via the Delphi platform.

it), nor a scholarship under any other International Mobility Programs of the University and/or one equivalent to those offered by the University.

Students must not have exceeded the maximum number of months allowed by the Erasmus+ Program during their degree program, whether for study or internship purposes. **A total of 12 months of mobility is allowed for each study cycle: first cycle (Bachelor's), second cycle (Master's), third cycle (PhD/ Specializing master courses), and 24 months in total for single-cycle degree programs.**

Students applying under the general agreement for Student Exchange/Overseas who have already received an extra-EU mobility scholarship may re-apply only if they are registered in a different degree level than during their previous mobility period.

International students at Tor Vergata University of Rome who are citizens of one of the extra-EU Countries available for mobility are not eligible for mobility grants allocated to their country of residence.

The grant will not be awarded to students who, at the time of departure and throughout their mobility period, are in receipt of any of the following financial support for the same purpose:

1. Contributions from public or private entities for the same purpose;

Art. 3

Application procedure and deadline

Applications shall be submitted and validated exclusively online via the application form available at: <http://mobint.uniroma2.it/extra/candidatura/default.aspx>

The deadline for submission is **March 19, 2025, 12:00 noon Rome time (GMT+1)**

- Incomplete, unvalidated or inaccurate applications will be disqualified;
- Applicants must fill out all sections of the online application form and attach all required documents. Submission of paper documents is not required for the application. After the first access to the web platform, applicants can save a draft of their application and edit it at a later date, but the application will be formally submitted only when the “Submit” button (“Invio”) is clicked. Once submitted, the application cannot be changed or edited. An automatic email will confirm receipt of the application. Any anomalies must be reported to the Help Desk of the application system by the deadline. The Help Desk can be contacted via the web platform.
- Applicants can apply to a maximum of 3 Universities. While the order of preference indicated by the applicant is not binding, the responsible office will verify the feasibility

of the exchange or find an alternative Host Institution in the same geographic area. It is the applicant's responsibility to ensure that the selected foreign universities offer courses consistent with their study program. Grantees must submit a Learning Agreement³ to the professors in charge, who will sign it to confirm the validity of the chosen courses.

Applicants must include:

- A motivation letter outlining their reasons for choosing each destination, detailing the courses and activities they intend to pursue at each Host University. Applicants must therefore independently review the academic offerings of partner universities (via the provided links) to verify both possible compatibility with their own study program and language requirements.
- A reference letter from a professor of Tor Vergata University of Rome;
- Any certificates proving language proficiency in the language of the Host Country (or, where applicable, the bridge language). (See Art. 2.)

PLEASE NOTE: Many universities only allow attendance in undergraduate courses (this applies to Master's students as well).

Some universities may charge extra fees for language or graduate-level courses. Before selecting destinations, applicants must check the Fact Sheet and Host University's website for application procedures and deadlines.

Students from the Faculty of Medicine and Surgery can apply only for South American destinations.

Attention: Under Art. 71 of D.P.R. 445/2000, the University will verify the accuracy of the information provided by applicants, including random sample checks.

Art. 4

Selection process and evaluation criteria

Applications shall be assessed by an Interdisciplinary Committee appointed by Rectoral Decree after the application deadline.

³ The Learning Agreement is a plan that details the courses or research/training/teaching activities planned for your mobility period. It must be signed by authorized representatives of the home and host universities, as along with the student, prior to the mobility start date.

The overall evaluation is expressed in hundredths, and candidates will be selected based on the following criteria:

- Academic record as of 01/03/2025 (GPA, degree mark, ECTS credits)⁴;
- Relevance of the proposed study plan and motivation statement;
- Language proficiency;
- Motivational interview.

The motivation statement, proposed study plan, language skills, and motivational interview will account for a maximum of 50 points in the overall evaluation.

The applicant's academic record will be valued as follows:

- For students in the first year of M.Sc. Degree Programs, the following formula shall be applied: $(180/210)^{*}[(\text{Number of years expected for the title attainment})/(\text{academic year of title attainment} - \text{year of enrolment in the career pertaining the title for accessing the Master's degree} + 1)] \times (\text{grade of the Bachelor Degree}^{**}/110) \times 50 + (30/210)^{*}[\text{Minimum Amount of ECTS earned, Maximum Amount of ECTS earnable during the whole study course based on candidates' year of enrolment}^{**})/(\text{Maximum Amount of ECTS earnable during the whole study course based on candidates' year of enrolment}^{**})] \times \min[1, \text{Number of Years expected for the Title attainment} / (\text{Current Academic Year} - \text{Year of Enrolment} + 1)] \times (\text{weighted average mark} / \text{weighted average exam mark for students enrolled in the same study course}^{**}) \times 50.$

*If the Bachelor's degree mark is not based on a 110-point scale, it will be converted accordingly.

- For students registered in Bachelor's Degree programs, Single-cycle Degree programs, or the 2nd year of M.Sc. Degree programs), the following formula shall be applied: $[\text{Minimum}(\text{Amount of ECTS earned, Maximum Amount of ECTS earnable during the whole study course based on candidates' year of enrolment}^{**})/(\text{Maximum Amount of ECTS earnable during the whole study course based on candidates' year of enrolment}^{**})] \times \min[1, \text{Number of Years expected for the Title attainment} / (\text{Current Academic Year} - \text{Year of Enrolment} + 1)] \times (\text{weighted average mark} / \text{weighted average exam mark for students enrolled in the same study course}^{**}) \times 50.$

** The calculation of the weighted average for students registered in the same study course shall include all students regularly enrolled in the said course as of 01/03/2025, irrespective of their year of enrollment.

⁴ See note 2, p. 2.

The date, time and location of the interview with the Committee will be communicated via email to the address provided in the application following the Call's deadline. During the interview, the Committee may assess applicants' language proficiency.

Applicants must ensure their availability for the interview. Absence will be considered a withdrawal from the selection process.

ECTS credits awarded for exemptions (Esoneri) or partial exams will not be considered in GPA calculations.

Applicants are responsible for meeting the Host University's language proficiency requirements by the application deadline.

PLEASE NOTE: Proof of language proficiency is not required at the time of application but must be submitted later for selected candidates.

For candidates selected for USA destinations, the language requirement is mandatory, and failure to submit the required certification by the registration deadline of the chosen university will result in disqualification from the ranking.

After evaluating applications, the Committee will compile a ranking list.

Grantees are reminded that the final decision on grant allocation rests with the Host University, which reserves the right to reject a student at any stage, even after all required documents for registration have been submitted.

In the event of non-acceptance, nominations may be reassigned to one of the alternative destinations listed in the students' application, provided the application period is still open.

Selected candidates must independently verify the deadlines and procedures for submitting their documentation regarding the curricular and linguistic requirements of the partner university. The latter may be requested immediately to facilitate the submission of student data for application purposes.

OBLIGATIONS BEFORE DEPARTURE:

Eligible winners who formalize their acceptance will receive all the instructions from the Erasmus+ Mobility Office regarding mobility arrangements. Prior to departure, they must:

1. Sign the Erasmus+ Extra-EU or Overseas Mobility Scholarship Acceptance Form;
2. Obtain the Learning Agreement (LA), ensuring all required signatures are completed;

3. Sign the Erasmus+ Extra-EU or Overseas Mobility Agreement and upload it to the MOBINT/OVERSEAS platform before the mobility begins;

5. Consult the Ministry of Foreign Affairs and International Cooperation website for any security alerts or risk situations: <https://www.viaggiasesicuri.it>;
6. Review and accept any conditions for mobility at the destination university, such as online teaching methods (Note: online-only study will not receive financial support), and any potential limitations on access to services like accommodation, cafeterias, etc., due to epidemics, pandemics, or other force majeure events;
7. Arrange an appropriate international health insurance covering hospitalization and treatment for epidemics and pandemics;
8. Obtain travel insurance in case of cancellations or delays due to epidemics, pandemics, or other force majeure events;
9. Independently check visa requirements for their destination country;

OBLIGATIONS UPON RETURN FROM MOBILITY:

Students must upload the following documents to the MOBINT/OVERSEAS platform no later than 15 days after their mobility period ends (and, in any case, no later than 10 October 2026):

- ✓ *Confirmation of registration and stay form*, signed and stamped by the Host University, indicating the exact start and end dates of the mobility;
- ✓ *Self-certification form* listing exams taken and ECTS credits earned abroad;
- ✓ *Participant Report* for Erasmus+ Extra-EU mobilities and a report on the activities carried out abroad for Overseas mobilities.

To request official recognition of the mobility period within their Degree program at their Faculty/Macroarea/Department and/or Study Course, students must obtain clearance (**nulla osta**) from the University Erasmus+ Office, which will be granted following the regularization of their administrative position.

Grant amount

Grants are intended to provide partial financial support for study-related mobility and are thus determined based on the duration of the stay abroad and the student's academic achievements. Grants will not be awarded in cases of Virtual Mobility.

A - Contribution to Erasmus+ Extra-EU Mobility:

1) Erasmus+ Community Contribution

The monthly community contribution for Erasmus+ Extra-EU destinations is:

DESTINATION	HOST THIRD COUNTRY	MONTHLY AMOUNT (€)
Group 1	Host Third Countries	€700/month

2) Supplementary Grant

The contribution will be co-financed with funds provided by the MUR (*Ministero dell'Università e della Ricerca*) and will be disbursed in accordance with the provisions of DM 1047 of 29/12/2017* (*Fondo Sostegno Giovani – FSG*). The monthly scholarship amount will be determined based on the student's economic status, as reflected in the ISEE-U certificate**, following the table below:

BAND	ISEE-U	Contribution in € for non-European countries
I	≤ 13,000	€400
II	13,000 < ISEE ≤ 21,000	€350
III	21,000 < ISEE ≤ 26,000	€300
IV	26,000 < ISEE ≤ 30,000	€250
V	30,000 < ISEE ≤ 40,000	€200
VI	40,000 < ISEE ≤ 50,000	€ 50
VII	ISEE > 50,000	€0

*By law, students who do not fall within the normal duration of the course plus one year will be automatically excluded from funding.

**Regarding the determination of the family unit composition, the indicator of one's economic situation, and the procedures for benefits related to the right to study, as well as all other matters related to the calculation of ISEE-U, this call refers to Prime Ministerial Decree No. 159 of 5.12.2013, "Regulation concerning the revision of the methods of determination and the fields of application of the Indicator of the Equalized Economic Situation - ISEE".

The ISEE value submitted at the time of registration for the academic year 2025/2026 will be used to calculate the contribution. Failure to have the ISEE value imported on the DELPHI platform will result in the contribution being equated to that of students with an ISEE > 50,000.

ATTENTION: The 2025 ISEE-U certification is required.

3) Supplementary Grants for Students with Fewer Opportunities

The Erasmus+ Program offers an additional Grant of €250/month in addition to the Community contribution. Such contribution will be awarded, subject to available funds, to students with an ISEE-U below the threshold to be defined by a Ministerial Decree in early 2025. For the purpose of calculating the additional contribution, the 2025 ISEE will be considered.

This grant will be disbursed only if additional funds become available and, in any case, only at the end of the mobility period.

4) Supplementary Grants for Students with Special Needs

These funds, allocated by the European Commission, are designated for students with specific physical, mental, or health conditions. Applications must be submitted to the University's Erasmus Central Office following the procedures and deadlines set by the Erasmus+ National Agency INDIRE.

The Community Contribution of the Program does not count as taxable income (ref. 247/E of 1999, Article 6, paragraph 13, of Law No. 488/1999), provided the total annual amount does not exceed €7,746.85. Amounts exceeding this limit will be included in the recipient's taxable income.

5) Travel contribution

For mobilities within an Erasmus+ Agreement, an additional travel contribution may be awarded, calculated by the European Commission according to the destination country. The travel contribution is determined as follows:

Distance Range (km)	Travel Contribution (€)
≤ 99 Km	€28
100-499 km	€211
500-1,999 km	€309
2,000-2,999 km	€395
3,000-3,999 km	€580
4,000-7,999 km	€1,188
≥ 8,000 km	€1,735

Distances must be calculated at the following link: <https://erasmus-plus.ec.europa.eu/it/resources-and-tools/distance-calculator>, with Rome as the departure city.

B - Contribution to Erasmus+ Overseas Mobility

The monthly scholarship amount for Overseas destinations will be funded by the MUR (*Ministero dell'Università e della Ricerca*) and disbursed under DM 1047 of 29/12/2017* (*Fondo Sostegno Giovani - FSG*). The amount is based on the ISEE-U certificate**, as shown in the table below:

BAND	ISEE	CONTRIBUTION (€)
I	ISEE ≤ 13,000.00	€900
II	13,000.00 < ISEE ≤ 21,000.00	€850
III	21,000.00 < ISEE ≤ 26,000.00	€750
IV	26,000.00 < ISEE ≤ 30,000.00	€550
V	ISEE > 30.000	€350

*By law, students who do not fall within the normal duration of the course plus one year will be automatically excluded from funding.

**Regarding the determination of the family unit composition, the indicator of one's economic situation, and the procedures for completing the application form for benefits related to the right to study, as well as all other matters related to the calculation of ISEE-U, this call refers to Prime Ministerial Decree No. 159 of 5.12.2013, "Regulation concerning the revision of the methods of determination and the fields of application of the Indicator of the Equivalized Economic Situation - ISEE".

Failure to submit the ISEE will result in the contribution being equated to that assigned to students with an ISEE > 30,000.

- At the time of registration for the academic year 2025/2026, students must authorize the University to access their ISEE-U certificate (for reduced student tuition fees) via the DELPHI platform before departure.

Successful applicants residing in Italy must, upon enrolment for the academic year 2025-2026, authorize the acquisition of their valid ISEE-U certification (relating to benefits for the right to study) on the DELPHI platform. This procedure must be completed before departure. **International students with income abroad cannot use self-certification.** In accordance with the provisions of the aforementioned regulations and in line with DM No. 1047, students who are not legal residents in Italy and hold non-EU citizenship may apply for additional funding for Erasmus mobility through the Agency for Student Rights (DiscoLazio), which annually allocates specific funds for this purpose. Students with income abroad must submit the ISEE PARIFICATO to be considered for funding.

ISEE PARIFICATO

For more information, please visit the following page:

https://web.uniroma2.it/en/contenuto/isee_parificato

Students receiving a DISCOLAZIO scholarship are also required to submit the data collection form and will be subject to verification of declared information. **The MUR contribution is not compatible with any DISCOLAZIO funding granted for mobility support.**

The value of the ISEE PARIFICATO certificate must appear on the DELPHI university platform at the same time as the regularization of enrolment, as required by this Call of participation.

The University will withhold the additional contribution for students who, for any reason, have not authorized the University on the Delphi platform to access their ISEE-U certification related to reduced student tuition fees from the Revenue Agency.

PLEASE NOTE: The 2025 ISEE certificate is required.

Art. 6

Disbursement of the grant

The grant amount is calculated based on the start and end dates of the mobility as documented in the *Confirmation of Registration and Stay* form. Every month shall be counted as 30 days.

For incomplete months, the grant shall be calculated by multiplying the number of days of the incomplete month by 1/30 of each monthly unit cost.

Students must ensure the accuracy of the dates stated in the Arrival/Departure Certificate issued by the Host University, as this certification determines the actual duration of the stay abroad and the final grant amount.

Payments will be processed according to the provisions of the Mobility Agreement, post-departure, once the student has properly uploaded all required documentation to the MOBINT/OVERSEAS platform. The mobility contribution is disbursed in two installments.

ERASMUS+ EXTRA-EU MOBILITY PAYMENTS

- 1) Community contribution: 70% advance payment within 30 working days after receiving the Arrival Form from the partner University, and 30% final payment after mobility completion and receipt of clearance (Nullaosta) from the University's Erasmus+ Office;
- 2) Supplementary grant: 50% advance payment within 30 working days after receiving the Arrival Form from the partner University, and 50% final payment after mobility completion and receipt of clearance (Nullaosta) from the University's Erasmus+ Office;
- 3) Supplementary grants for Students with fewer opportunities: the contribution will be disbursed at the end of the mobility period, based on the days actually spent abroad and after receiving clearance (Nullaosta), subject to fund availability.
- 4) Travel cost contribution: the contribution will be provided after submission of validated boarding passes.

OVERSEAS MOBILITY PAYMENTS

- 1) Mobility contribution: 70% advance payment within 30 working days after receiving the Arrival Form from the partner University, and 30% advanced payment as a settlement after mobility completion and receipt of clearance (Nullaosta) from the University's Erasmus+ Office.

During their online application, students must provide the IBAN of their bank account, as it will be necessary for the payment to be credited to an account opened with an Italian bank.

Note: The account must be in the name of the beneficiary/awardee (or jointly held). Payments will not be made by check and/or bank transfer to third-party accounts.

Tax treatment of Erasmus+ contribution:

The Erasmus+ contribution does not count as taxable income (ref. 247/E of 1999, Article 6, paragraph 13, of Law No. 488/1999), provided the total annual amount does not exceed

€7,746.85. Amounts exceeding this limit set by the law will be included in the recipient's taxable income.

The grant may be **withdrawn** if:

- The student is not regularly registered for the academic year 2025/26 at Tor Vergata University of Rome;
- The Host University rejects the activities outlined in the Learning Agreement;
- The grantee is non-compliant with obligations to other public entities (e.g., DiscoLazio).

MINIMUM ECTS CREDITS REQUIRED

Students participating in the Erasmus+ Extra-EU/Overseas study mobility program must earn a minimum number of ECTS credits at the Host University, which will later be recognized by the Home University in accordance with the Learning Agreement, as required by current academic regulations. Students attending abroad for a full academic year must earn a minimum of 24 ECTS credits; students attending abroad for one semester must earn a minimum of 12 ECTS credits; and students attending abroad for one trimester must earn a minimum of 6 ECTS credits.

Note: In the calculation of the monthly allowances/ECTS credits (CFUs), the ratio of 1 monthly allowance = 2 ECTS (CFUs) applies.

Return of the grant already disbursed:

Grantees shall return the mobility grant if:

1. The mobility documents required at the end of mobility are not submitted within 15 days from return;
2. The mobility period is shorter than 3 months;
3. The minimum required ECTS credits are not earned.

PLEASE NOTE: Grantees who fail to return the grant under the above conditions will not be permitted to graduate.

Art. 7

Approval of the activity conducted

For study mobility, students must consult the President of their degree program and/or the Academic Office before departure to develop a study plan that is consistent with and closely aligned to their academic program. To facilitate this, grantees must review the Host

University's website reported in Annex A. Students are responsible for:

1. Developing their study plan in collaboration with their professors;
2. Securing signatures on their Learning Agreement (including from the Erasmus referring teaching staff) before departure to ensure recognition of the exams taken abroad. In this case, the teaching activities carried out at the partner universities will be recognized by the relevant Study Program Councils of Tor Vergata University of Rome after the mobility period.

Art. 8

Duration

Study mobility must last a minimum of 3 months and a maximum of 10 months during the academic year 2025/2026.

Mobility may start as early as 1 August 2025, if permitted, and shall end in any case no later than 30 September 2026.

During their stay abroad, grantees must remain regularly registered at Tor Vergata University of Rome and pay their tuition fees to their home university for the academic year of mobility (for this, provisional enrollment – *domanda cautelativa* – is not permitted).

Art. 9

Allocation and acceptance of the grant

The ranking of successful applicants will be published exclusively on the **Tor Vergata University of Rome official website, specifically on the Erasmus+/Overseas student mobility page**. No other written notifications will be issued.

PLEASE NOTE: Grantees will be required to formally accept the scholarship assigned by the office from the options indicated in their application.

Formal acceptance of the Scholarship is a necessary condition to benefit from it. In case of non-acceptance, the ranking list will be updated accordingly.

The Mobility Acceptance form must be completed, signed, and uploaded to the MOBINT/OVERSEAS platforms.

Art. 10

Withdrawal from the grant

Acceptance of the Erasmus+ Extra-EU/Overseas mobility, as outlined in the Agreement, constitutes a binding commitment. Awarded students who accept the mobility contribution

and sign the Agreement, but later wish to withdraw from the study period abroad, must complete and upload the Renunciation Form, along with appropriate certification, on the MOBINT/OVERSEAS platforms. If the said certification is not provided, or if the reasons are deemed insufficient, withdrawing students will be required to immediately return any amounts received. This will forfeit future eligibility for Program grants.

Students who interrupt their mobility may retain payment for completed months only if they have earned a minimum of 2 ECTS credits (CFU) per month, provided their stay lasted at least three months (90 consecutive days). Students failing to meet the minimum stay period will be required to return all advance payments.
